

We've created this guide to help you access the LINX126 Webcast, and LINX126 event space – hosted on LINX Community.

In order to access LINX Community you first need to log onto the LINX Member Portal:
<https://portal.linx.net/okta-login>

The screenshot shows the LINX Member Portal interface. At the top, there's a navigation bar with the LINX logo, 'LOOKING GLASS', 'MEMBERS', and 'COMMUNITY' tabs. On the right, there are links for 'Sign In' and 'HELP CENTRE'. The main content area is divided into two sections. On the left, the 'LINX Traffic Overview' section features a line graph showing traffic over time, with a 'VIEW LINX TRAFFIC ANALYSIS' button. Below the graph, there's a table of traffic statistics and a list of managed IXPs. On the right, the 'Sign In' section prompts users to log in with their email address and password, with a 'Remember me' checkbox and a 'Get in Touch' button.

Once you have logged-on, select 'Community' from the menu and log in.

The screenshot shows the LINX Member Portal interface after logging in. The 'Community' tab is selected in the navigation bar. The main content area is divided into two sections. On the left, the 'Quick Links & Tools' section lists various links and tools. On the right, the 'LINX Top 5 Port Services' section features a line graph showing traffic over time, with a 'VIEW MY SERVICES ANALYSIS' button. Below the graph, there's a table of traffic statistics and a list of managed IXPs.

This will then take you to the LINX Community homepage. In the menu, select LINX127 and you will be taken to our dedicated event space.

Once you are on the space, you will be asked to join as this is a LINX Member event. Click the join button and you will be granted access to the page.

Once joined, the page will automatically reload and you can access the content available. The webcast & Q&A functionality will become available on the day

In the meantime, check out the agenda, our sponsors or even post a message to let everyone know you're attending, where you are travelling from & what you're looking forward to! Just type your message and click publish – you can do this during the event too!
